To Whom It May Concern,

My name is Jenny Griffin, Creative Art Director for CherryArts, a Denver-based nonprofit that supports artists and arts education through outreach programs and the iconic Cherry Creek Arts Festival (CCAF). I've had the pleasure of working with Yulya Bakhshetyan over the past two summers during her role as our Graphic Design Intern.

Yulya is a talented designer with strong skills in Adobe Illustrator, Photoshop, InDesign and Acrobat. She is creative, reliable, detail-oriented, and is such a lovely person to work with. She quickly grasps new concepts, communicates effectively, takes feedback well, and consistently meets tight deadlines.

Because of her exceptional abilities, I trusted her with higher-level projects beyond the typical intern scope. Yulya created a wide range of materials for CCAF, including promotional posters, rack cards, ads, postcards, signage, artist awards, custom lanyards, web banners, and murals. She also contributed significantly to the festival guide magazine, designing the cover, internal pages, map, and schedule foldout. Additionally, she designed t-shirts for the Denver Chalk Art Festival.

Yulya's expertise, professionalism and contributions greatly benefited our team. I highly recommend her for any future design position and know that she will be a valuable asset wherever she goes.

Sincerely,  
Jenny Griffin
